

Evergreen Valley High School Robotics

2010-2011 Sponsorship

www.evhsrobotics.com

The Evergreen Valley High School Robotics Team is a **student-run** organization that provides its members the **practical experience** with engineering and robotics by providing resources that would otherwise not be obtainable. We build competitive robots as part of **FIRST (For Inspiration and Recognition of Science and Technology)** and **Botball** while exploring **science, technology, engineering** and **mathematics**. We are a nationally recognized, award winning team. We have received several awards for our design, research, outreach, and competitive success.

Your support will allow the team to build competitive robots, travel to competitions, purchase needed materials, and help to further extend our outreach to the students and community. We are a 501.3(c) organization. **All contributions are tax-deductible.**

Here's how **you** can help:
